Ocurrencia interpretada.

Partitura de la ocurrencia:

070924

1154h Unir todos los pañuelos que guardo, con los que limpiaba los pinceles cuando pintaba, como si se tratara de un libro con hojas de tela. Llevarlo a una costurera para que los cosa con cierto criterio, a su modo. Grabar mediante DTF (digital Transfer film), el título y el nombre del autor en un pañuelo limpio que hará las veces de portada, y esta partitura en otro pañuelo limpio a modo de contraportada.

Ocurrencia surgida al leer una ocurrencia donde se da una utilidad específica a un grupo de pañuelos manchados de pintura, que en su día recuperé y planché, con la intención de utilizarlos como soporte para algún tipo de obra. Sin embargo, hasta esta ocurrencia, ninguna idea me había convencido del todo.

Interpreted occurrence.

Occurrence score:

070924

11:54 h Join all the cloths I keep, with which I cleaned the brushes when I painted, as if it were a book with fabric pages. Take it to a seamstress to sew them with some criteria, in her own way. Record by DTF (Digital Transfer Film), the title and the author's name on a clean cloth that will act as the cover, and this score on another clean cloth as the back cover.

Occurrence arising from reading an occurrence where a specific use is given to a group of cloths stained with paint, which I recovered and ironed in its day, with the intention of using them as support for some type of work. However, until this occurrence, no idea had fully convinced me.
